

Polyester-Based Emulsions

	Percent Solids (%)	pH	Viscosity (cps)	Water Resistance	Oil and Grease Resistance
S-1604-L	39-41	7 - 8	<50	Excellent	Good
S-1611-L	39-41	7 - 9	<500	Good	Excellent

SNP's S-1600 Series polyester-based emulsions are aqueous anionic polymer dispersions that impart water resistance and oil and grease resistance as a dried film.
